After show report Medica 2022

**14th - 17th
November 2022**

Medica, Duesseldorf

“Welcome home” was the motto of the Medica 2022, and it DID feel like coming home. After the Corona related interruption, we were curious to get a taste of Duesseldorf again.

When the opening of the fair was announced on Nov 14th at 10:00 am, the booth was ready. Meet the team!

Sunday before the fair, getting ready for the visitors soon. Thumbs up for the team!

Highlights from Slee

Live at the booth:

We introduced the **Ergotec** worktable to the highly interested international visitors. The **Ergotec** is the perfect solution for laboratory set-up, with its ergonomic design and in particular the optional height adjustment. The dimensions, heights and colors can be customized to the greatest possible extent. Curious? Check out our new **video!**

The fully-automatic precision microtome **CUT 6062** featuring the **Aquatec** transfer system was another highlight at the booth. Catching the visitor's interest with simple movement of the microtome and the water running on the **Aquatec**, their attention was drawn even closer with the explanation of the system. **Videos** supported form and function. For traders and users as well, this was an eyeopening experience.

We proudly presented the **Cromatec** stainer with maximum productivity and very best economy in routine histology and cytology. For highest throughput, up to 30 slides per basket can be continuously loaded. **Cromatec** features individually programmable time settings for each station and freely selectable positions for the washing cuvettes.

Coming soon!
Stay tuned ...

Visitors

Some of our guests and visitors at the booth:

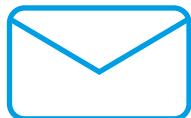

Here is a short impression of the traffic at the booth ... It was always a pleasure to get in touch with all of our guests and visitors. All of them were highly interested in our products, open to suggestions and always willing to discuss. Thank you to all of you. We really enjoyed the show!

Our Slee team at the booth:

Get in contact with us! You have a question or missed us at the booth? Click on the envelope to write a direct mail to your sales personnel. We are looking forward to hearing from you!
