

30. Congress of Biomedical Analytics 2023

Slee & ZEISS Austria in Rankweil, Vorarlberg, AT

Aquatec

MPS P II

CUT 6062

"Many thanks to all visitors of our booth, many thanks to our partner ZEISS Austria. It was an inspiring and successful congress in Vorarlberg, with good conversations and a lively exchange! Especially the fully-automatic precision microtome **CUT 6062** together with the **Aquatec** transfer system attracted attention and invited visitors to take a closer look. Visit us on www.slee.de/en or directly contact our partner **ZEISS Austria**. **We will be happy to help and advise you!"**
