Leading International Trade Fair

DÜSSELDORF, GERMANY
16-19 NOVEMBER 2020

Member of  **MEDICAlliance**

**WORLD
FORUM
FOR
MEDICINE**

Dear Business Partner,

For many years we have presented SLEE medical GmbH again and again at the MEDICA in Düsseldorf. Every fair offers great opportunities and it is always a pleasure to meet our international business partners, have interesting conversations and present our newly developed products. Unfortunately, this year is completely different.

Due to the ongoing COVID-19 situation, many of you are currently hardly able to plan business trips accordingly. It is neither clear whether regular air traffic will be possible again in November, nor it is clear whether there will be quarantine regulations when entering Germany. We understand that many of you have therefore already cancelled their visit to MEDICA.

Additionally, we received the hygiene regulations from the fair organizer. Of course, it makes sense that appropriate regulations are established and implemented and we expressly support all of these measures. However, these regulations result in requirements that we can hardly implement at our booth and even worse, it hardly allows reasonable visitor meetings. For these reasons, we decided not to participate in the MEDICA fair in 2020. In any case, we would still like to offer you the opportunity to meet us personally in Düsseldorf. We will rent a conference room outside of the fair during the exhibition days. There, we have the opportunity to meet face to face. Please contact us early so that we can arrange an appointment.

We do deeply regret this decision. However, the health of you, other fair visitors and our employees is a top priority. Therefore we unfortunately had no other choice but to make this decision now. Nevertheless, we would be happy to welcome and meet as many of you as possible in Duesseldorf.

Best regards,

Mr. Stefan Schock

Mr. Maged Benjamin, Mr. Heiko Drzonek

& Mr. Alexander Benjamin
