New arrival - Service Manager

Dear Business Partner!

I am proud to announce that I have joined the team of SLEE medical GmbH on 1st of July as Service Manager.

My name is Joshua Dapper, and I am 28 years old. I live in Bingen am Rhein in southwest Germany, in the wonderful Rhineland Palatinate.

Mechatronic engineering in the beverage industry is my professional background, keeping me busy for nearly the last decade.

I have worked in assembly of mechatronic machines as well as a worldwide Service Technician for those in field. Previously I worked as a Technical Sales for turnkey production lines of the beverage industry for KHS GmbH.

Besides my profession I love to play chess, brew my own beer at home and do a bit of 3D-printing.

I am very proud and happy to be a part of SLEE and also looking forward to new challenges.

Please find my contact information below:
